

Air Saver Unit ASV2

An easy solution to your environmental protection efforts!
The Air Saver Unit contributes to power savings and CO2 reduction.

Specification

Model Number	ASV2-25A
Fluid	Non lubricated air
Port size	25A (Rc1)
Drive	Pneumatic logic circuit
Pilot air supply	-5 to 50 degree C (22 to 122 degree F)
Operating temperature	3 to 8 bar (43.5 to 116 psi)
Pressure range	0.3~0.8MPa
Adjustable pulse frequency	Up to 1 Hz
Mounting orientation	Free
Weight	1.6 kg (3.5 lb.)
