

HARDY APPROVED PRODUCTS

COPPER CAULKING

AVAILABLE IN A VARIETY OF SIZES

Our Hardy approved copper caulk is catered to your needs with custom sizes and thicknesses, giving you complete control of your caulking. Our copper caulking and a certified re-blading service will guarantee your best blade/yield performance.

HARDY APPROVED PRODUCTS

GRINDING WHEELS AND BRICKS

FOR OPTIMUM QUALITY AND LONGEVITY

Why not try our range of Hardy Approved grinding wheels and bricks for all OEM machines. They're matched to the Hardy range of blades to optimise enduring performance and ensure the ongoing condition of the blades.

HARDY APPROVED PRODUCTS

CAULKING CHISEL SET

A PERFECT TOOL FOR THE BEST CAULKING RESULTS.

This chisel set is designed for use where only manual caulking is available. Set contains all chisels needed to remove used blades, copper caulking and to re-blade.

HARDY APPROVED PRODUCTS

PLOTTER BLADES

LEATHER PATTERN CUTTER BLADES

Produced in collaboration with our Sister company HMK Ltd, our tungsten carbide plotter blades are available to cut leather up to 2mm thick. From upper leather to sole leather, our plotter blades are suitable for industry leading OEM digital cutters

HARDY APPROVED PRODUCTS

PNEUMATIC IMPACT WRENCH

THE OPTIMAL TOOL FOR PRECISE RE-BLADING
AND DE-BLADING

Set contains pneumatic impact wrench and accessories for de-blading and re-blading.

HARDY APPROVED PRODUCTS

BLADE PROTECTION SPRAY

OPTIMISE YOUR BLADE'S LONGEVITY

Hardy Approved 500ml Ambersil spray for use on blades surface to displace moisture, particularly after wash-down. Prevents corrosion of blades and provide a light lubricant.
